## QS Global Education News #6 – November 2021

### Description

Request your free copy of QS Global Education News #6 by completing this short form.

This issue will feature insights, articles and interviews with industry leaders focusing on:

- The rise of investment in education, particularly edtech companies, startup accelerators, and the latest trends in the space;
- Learning takeaways from QS Subject Focus Summit: Hospitality & Leisure Management & QS APPLE
- Reflections on the role of higher education to achieve the 17 UN SDGs, and a look back to QS APPLE's pre-summit on "Internationalized Sustainability: Climate Action when Education Mobility Resumes"
- Best practices to teach Generation Z
- A closer look at the newly introduced QS Stars ratings category: Environmental Impact
